Dear Mr. Berryhill,

Your application for classification as an Oil Spill Removal Organization (OSRO) has been reviewed and processed as outlined in the Coast Guard OSRO Classification Guidelines dated 27 April 2001. You are assigned OSRO classification number 0168; please use this number in all future correspondence to this office. You have received the following classifications listed in enclosure (1).

A CD containing your classification information is enclosed as enclosure (2). On the CD, you will find a summary of your classifications by environment and COTP zone and a summary of the resource totals for boom, Temporary Storage Capacity (TSC), and Effective Daily Recovery Capacity (EDRC) used to determine these classifications. Our files will be updated to reflect your current status; please inform your clients of the same. Your classifications will also be listed on the OSRO Classification Matrix available on the Internet at:

<http://www.uscg.mil/hq/nsfweb/nsfcc/ops/ResponseSupport/RRAB/informationonclassifiedosros.html>

The Coast Guard has transitioned to a Sector organization which consolidated field operational and marine safety functions; enclosure (3) is a table that explains the changes resulting from this transition.

If you have any questions or would like more information regarding your classifications, please contact the NSFCC. Our contact information can be found in enclosure (4).

Thank you for your participation in the OSRO program; your efforts to strengthen our national response capabilities are greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "R.T. Gore", written over a horizontal line.

R.T. GORE

Chief, Response Support Division
U.S. Coast Guard
